Issue #222

New Fastrack Automated Processes Reduces Operating Costs

Fastrack Healthcare Systems announced a series of new features designed to help providers respond to competitive bidding reimbursement pressures by reducing operating cost through automation.

A major enhancement was made to the billing process which can now be segmented to match the existing processes of the provider offering greater flexibility and control as it can be run by specific user(s), bill type including Medicare, Medicaid, one or more insurance carriers, wholesale/facility, private pay and/or workers compensation claims as well as type of order such as delivery, exchange, maintenance, etc.....Read More

These features, including the recently released Fastrack Express Billing, will be demonstrated at the upcoming Medtrade show in Las Vegas at booth #843.

Fastrack Enterprise System allows providers to configure the system to meet their internal billing processes.

Training Opportunities

FASTRACK
2013 User Conference

We will be dedicating April 24th, 2013, to a single all inclusive fee based, optional Training offering. This day will be focused on Training Courses designed for the beginner, intermediate and advanced user of the Fastrack suite of software, including focus in each operational area offered on the Fastrack system - HME, IV and HHA. Optional modules will be covered in detail, including Integrated

Join Our User Group from April 24th-26th

Fastrack will bring together HME, HHA, and IV users in this year's User Group Conference. Our 3-day helpful and informative event will provide you with all the tools, technology, and best practices you need to efficiently and productively get the most out of your Fastrack System.

Located just outside of New York City, Fastrack will be holding round table and new product discussions, user feedback, as well as training sessions throughout the 3 days. Fastrack boasts arguably the best speaking line-up from industry experts. Be sure to bring your dancing shoes and be ready to boogie, when attending our Studio 54 Disco themed cocktail reception and dinner for all who attend.

Let's Get Back To Basics

Reduce Operating Cost! Increase Productivity! Error Reduction! Streamlining Processes! What is essential to your business? Fastrack has compiled a list of training activities for this year's User Group Conference that will improve the efficiency of your company. Sessions range from a general overview in our *Boot Camp Training* to understanding how holds work in conjunction with Rx entries, CMN generation, PA's and other documentation requirements in order to successfully bill. Make your life easier by learning about our HCPC update, assessment upload, doctor import, and many other utilities available in your Fastrack system in our *Utilities You Can Use* training session. Do you find you ask yourself, "What are all these flags for?" when billing through the system? Well, our *Aligning the Configurable Stars in Fastrack* session will train you on the

Intake, Home Health Scheduling, Automated Warehouse, Field Operations and Scoreboard. We will also be providing specific focus on operational areas such as Inventory Management, Cash Receipts, Reporting and more!

The Hilton Long Island, is the official location of the Fastrack User Conference in April, however rooms are limited, so call soon to reserve your room! Please contact The Hilton, and reference the Fastrack User Conference to receive a room at a discounted rate.
